Winchester	10,655	12	938	4.2	4/3/2021	4/8/2021

### Total Number of COVID-19 Tests for Towns within the TAHD Jurisdiction March 28 - April 28, 2021

### Test Positivity Percentage (%) for Towns within the TAHD Jurisdiction March 28 - April 3, 2021 \*

\* "Percent positivity is calculated as the number of positive tests among community residents conducted during the 14 days divided by the total number of positive and negative tests among community residents during the same period. If someone was tested more than once during that 14-day period, then those multiple test results (regardless of whether they were positive or negative) are included in the calculation."
