

Are you 65 or older?

COVID-19 Vaccines are now available for you!

As of February 8, 2021, the State of Connecticut has expanded access to the vaccination distribution plan to include individuals 65 years of age and older to receive the vaccine. **For your safety, ALL vaccinations are by appointment only. Walk-in appointments are NOT available.** You have at least **THREE** options in the Greater Torrington/Winsted area to register for and receive the vaccine.

1) Hartford HealthCare

If you have a [MyChartPLUS](#) account already, simply [log in](#), go to "Visits" or "Appointments" and find a Hartford HealthCare vaccine clinic (locations in Hartford, Wethersfield, Norwich, Shelton or Torrington) that is convenient for you. **The location in Torrington is at 153 South Main St (State Armory).**

If you do NOT have a [MyChartPLUS](#) account, you can set one up on the [MyChartPLUS.org website](#). If you have followed the directions above and still have issues scheduling your vaccine in MyChartPLUS, the MyChart support line is there to help: call **860.972.4993**

Need help making an appointment? If you'd prefer to schedule your appointment by phone, call the Hartford HealthCare Access Center at 860.827.7690 or toll-free at 833.943.5721.

2) State of CT Department of Public Health

- Go to <https://dphsubmissions.ct.gov/OnlineVaccine> and fill out a form to register with the Vaccine Administration Management System (VAMS). You will need to enter your full name, date of birth, zip code, occupation (including "retired"), and email address. The information you enter will only be used for purposes of scheduling your vaccination, and will be kept private. Once registered, VAMS will email you to guide you through the appointment process for receiving the COVID-19 vaccine.
- Those without internet access can call **Connecticut's COVID Vaccine Appointment Assistance Line at 877-918-2224 Or 7-1-1 for deaf and hard of hearing**. The phone system was created in partnership with the Department of Public Health and United Way of Connecticut and is specifically targeted to provide support for eligible vaccine recipients who have limited technology access, or who have language, disability, or other barriers that could prevent them from using existing self-scheduling options successfully. The line will take calls **7 days a week from 8:00 a.m. to 8:00 p.m.** and offers a call-back option.

3) Walgreens @ 28 E. Elm St. in Torrington, 331 West St. in Litchfield, or 76 Main St. in Canaan

Sign into your [www.walgreens.com](#) account – complete a screening – and if deemed eligible, choose a location and time. If you do not have an account it is easy to create an account. There are limited dosages on a daily basis at each location.
